

Grapes & Views: Sonoma's Charm Unveiled

Our wine country excursion commences at the Hyatt Regency SOMA, nestled in the vibrant heart of San Francisco. Our journey unfolds towards Sonoma, affectionately dubbed “The Valley of the Moon.” This enchanting region was historically favored by Italian immigrants from the Bay Area, drawn by its striking resemblance to the landscapes of Italy.

Our tour features a picturesque interlude at Vista Point, just beyond the Golden Gate Bridge, where breathtaking panoramas of the city and bay await.

In the heart of Sonoma, our first stop is the esteemed Benziger Family Winery. Here, guests will embark on a unique Biodynamic Tractor Tram Tour, complemented by a progressive tasting session. The experience highlights the winery's signature elegant Pinot Noir and robust Bordeaux blends, offering a true taste of the region's viticultural finesse.

The journey proceeds to the renowned Kunde Winery, where a relaxed lunch at the Winemaker's Plaza provides a moment of leisurely indulgence. The visit is further enriched by an exclusive cave tour, allowing guests to delve into the depths of the winery's heritage. A curated tasting of five select Kunde family wines encapsulates this immersive experience.
